PREFACE

This directory identifies personalities in the Socialist Republic of Vietnam who hold key positions in the Vietnamese Communist Party; national, provincial and municipal governments; legislative bodies; military organizations; the diplomatic service; and selected mass, cultural and scientific organizations. It has been prepared primarily from information reviewed through 10 October 1980 from official Vietnamese news sources.

An alphabetical index to the names, together with a telegraphic spelling when available, is included at the end of the publication. The telegraphic spellings are used to represent diacritical marks and are based on the system used by the Vietnam News Agency. Duplicate names in the index refer to different individuals with the same name. The names of officials who are known to be female are followed by the letter *f*.

This is the first directory of Vietnamese officials to be issued by the Office of Central Reference.
